

OUTBOUND Exchange Program

Area Studies in Canada, UK, Australia and Singapore

Area Studies courses in Canada, UK, Australia and Singapore were conducted this summer. A total of 73 students participated in the four courses.

In Canada course, the students learned about multiculturalism in Vancouver and talked with people from different ethnic communities. In UK course, the students studied topics concerning British society, culture and nature, and interacted with the students at the University of Oxford. In Australia course, the students studied Australian English at a language school and met local students while enjoying nature and wildlife. In Singapore course, the students met local university students, graduate students, and researchers. They also visited science universities and Sunstar Inc., led by the Konan University graduate, to learn about advanced research and industry.

Konan students currently studying abroad

Our partner schools in USA, Canada, England, Ireland, Australia and Germany listed below are currently hosting a total of 24 study abroad students from Konan:

University of California San Diego, Central Washington University, Valencia College, University of Victoria, University of British Columbia, Dublin City University, York University, University of Leeds, University of Wollongong, Murdoch University, Xiamen University, Tunghai University Dong-eui University and Kyung Hee University.

INBOUND 2025 Summer Intensive Japanese Program

Students coming from our Partner Schools

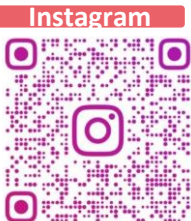

Students from universities in USA and Canada visited Konan for Summer Intensive Japanese Program. This time, a total of 15 students completed the six-week program. During this period, the students not only studied Japanese language and culture intensively but also participated in various interaction programs and deepened relationships with Konan students.
