

KONAN GAKUEN 100th Anniversary

INTERNATIONAL

Scientific Symposium

Series2 | International Symposium on
Solar Energy Materials

*Sponsored by The Hirao Taro Foundation of
KONAN GAKUEN for Academic Research*

2019
1/25^{FRI} → 26^{SAT} iCommons
Agora, Union L4

FREE

INVITED SPEAKERS

Shuji Hayase Kyushu Institute of Technology **Hynd Remita** University of Paris-sud
Songyuan Dai North China Electric Power University

Xia Hao Sichuan University
Yasuaki Ishikawa Nara Institute of Science and Technology
Feng Jiang South China Normal University
Atsushi Kimoto Konan University
Taizo Masuda Toyota Motor Corporation
Takashi Minemoto Ritsumeikan University
YunHau Ng City University of Hong Kong

Kensuke Nishioka University of Miyazaki
Yoshitaro Nose Kyoto University
Shen Qing The University of Electro-Communications
Takeaki Sakurai University of Tsukuba
Tooru Tanaka Saga University
Osamu Tomita Kyoto University
Kenji Yoshino University of Miyazaki

Organized by

Faculty of Science and Engineering,
Konan University

Co-Organized by

JSPS KAKENHI, Innovations for
Light Energy Conversion (I4LEC)

Konan frontier research project on new
materials for creation of everlasting
energy systems based on sunlight
